F.1 ROADSIDE & TOWING ASSISTANCE

Please note for all services described in Section F.1: roadside assistance, costs for Accident and Related Events and Theft and Related Events will be Your responsibility.

F1.1 Roadside repair on spot

If the Vehicle or attached Caravan or Trailer is Immobilised due to any included Event in Section C, We will provide roadside assistance wherever possible in order to determine the fault and, if possible, conduct a roadside repair on the spot to enable the Vehicle or attached Caravan or Trailer to be safely driven again.

We will jump-start the flat battery or replace the battery if required with the battery replacement being at Your cost.

F.1.2 Towing & Recovery

If the Vehicle or attached Caravan or Trailer is Immobilised due to any included Event in Section C, and the Vehicle cannot be repaired on the spot, Our roadside assistance provider will transport it to the closest Authorised repairer, Petrol/EV Charging Station or tyre outlet up to 20 kilometres from the breakdown location in a capital city, and 60 kilometres in a rural area.

Caravan or Trailer attached: In case of the Immobilisation of the Vehicle while towing a Caravan or Trailer, We will transport the Caravan or Trailer with the Vehicle to the nearest Authorised repairer or to a place of safety or its usual place of parking, at Your cost.

In case of the Vehicle towing a Caravan or Trailer being stolen, We will transport the Caravan or Trailer to the nearest place of safety or its usual place of parking at Your cost.

Storage: if the repairer to which the Vehicle or attached Caravan or Trailer is to be towed is closed (e.g. outside normal business hours), We will transport the Vehicle to a secure parking or storage facility. We will then transport the Vehicle or Caravan or Trailer to the closest Authorised repairer on the next working day. A towing limit of up to 20 kilometres from the breakdown location in a capital city, and 60 kilometres in a rural area applies.

Bogged Down Vehicle: We will recover the Vehicle from a bogged situation where reasonable and safe access is trafficable by a two-wheel drive recovery vehicle and no specialist equipment is necessary.

Specialist Rescue: if a specialist vehicle (e.g. 4WD) or specialist equipment (e.g. crane) is required, We will recover the Vehicle at Your cost.

If the Vehicle is Immobilised because the key is stolen, lost, damaged, malfunctioning or left inside the Vehicle, We will organise one single taxi ride to enable the spare key to be collected up to a value of \$150 (incl. GST).

If the key is locked in the Vehicle, the attending technician or locksmith may gain access to the Vehicle (once a consent and indemnity form has been signed by You. We may also ask for proof of ownership prior to providing this service) to retrieve the key. We will provide for a locksmith up to a value of \$150 (incl. GST). If We are not able to gain access, the services and limitations of storage and towing under Section F.1.2 Towing & Recovery will apply.
